Sales Contract

By purchasing an adult dog from Back Country Aussies (BCA), you are agreeing to the terms of this contract.

Dogs name: _____

Registered Name: _____

Registration Number: _____

Date of Birth: _____ **Gender:** _____

Color: _____ **Eye color: L** _____ **R** _____

Price: _____

Guarantee Regarding Health

1. Our dogs are guaranteed to be in good health and sound at the time of sale. Dogs will be checked by a certified, licensed Veterinarian prior to release or shipping and includes a copy of exam or an Oregon State Health Certificate (for those flying out of state) that certifies that your dog will be immunized with his or her first full set of medical inoculations since birth including distemper/parvo and de-worming.

2. For your guarantee to become effective, all Buyers must have their dog examined within 48 hours of receiving their dog. A licensed certified veterinarian must do this. Failure to do so voids the guarantee. If the veterinarian finds the dog not to be in good general health and states so in writing detailing findings including clinic address, phone number, and license numbers, then Buyer must notify Seller immediately within 72 hours of receipt of dog. Back Country Aussies reserves the right to have the puppy re-examined by our own veterinarian. If our veterinarian confirms the diagnosis then Buyer has option to keep dog knowing the dog's condition or BCA will resume possession of the dog and issue credit toward the purchase of another dog or puppy.

3. The Buyer(s) agree to keep all vaccinations, vitamins, & deworming current, including rabies, and to provide regular heartworm preventive as prescribed by your veterinarian. Buyer is expected to provide proper diet and clean water. Buyer also understands no cash refunds of any of these for any reason. Any and ALL Vet bills are Buyers sole responsibility regardless.

4. BCA will be responsible for filing the transfer of ownership papers if applicable to the new owner. Transfer fees to be paid by new owner.

5. Buyer agrees to pick up animal within one week of receipt of deposit or after surgery recovery time if animals are being spayed or neutered. Animals not picked up during this time period will be charged a \$70 per week boarding fee or \$10 per day if less than 7 days, unless agreed upon and noted by Seller in writing. Two weeks or more with no attempt to make pickup arrangements or any kind of communication with Seller, then Buyer forfeits the animal with no option to obtain another unless noted by the Seller in writing.

Shipping

6. We will ship dogs if and when the weather permits. We will be responsible for putting the dog on the flight or carrier. Once the airline has your dog, BCA is no longer responsible. All dogs are shipped from either Boise Airport or Portland International. The ownership of the dog passes to you when the dog is shipped or leaves the care of the BCA associate. Your dog has been checked by a certified registered Veterinarian and is leaving healthy with a current certificate of health as proof. A vet check is required within 48 hours of you receiving your dog. BCA must be notified within 72 hours if any problem at that time. Report any and all problems to BCA immediately. Please note that this maybe the dogs first time flying. It is natural for any animal to become scared, nervous and possibly mess their crates.

7. If there is a problem with shipping, it is your responsibility to deal with the airline or carrier to resolve any shipping or customs issues for your dog. All shipping expenses are paid by you (the Buyer, regardless). Full payment is required at least 1 week prior to any shipments and is non-refundable but may be transferrable. When shipped, your dog will be sent in an airline approved shipping crate. In the crate there will be a towel (or absorbent substrate), water and food for your dog and USDA Veterinarian Health Certificate for shipping and acclimation certificate if needed.

8. Only major International airports that support live animal shipments are accepted for transport. We do not ship where originating and connecting airport temperatures exceed 84 degrees Fahrenheit at times of departure, therefore, shipments can only be done early in the morning when this case applies. During these warm climates we reserve the right to ship at a schedule that permits us to ship the dog while temperatures are lower. Unless accompanied by a Pet Nanny. Some flights require overnight stays in which a third party boarding facility is in charge of housing the animal for the night and is responsible for connecting the animal to it's next flight.

9. The cost for shipping and the other services are to be determined prior to shipment. Shipping cost does cover all the expenses listed above. We also ask that once you receive your dog, that you let us know its condition and that it has arrived in a clean crate with food and water. **Shipping can be paid by check or invoice sent to desired email.**

10. All your health records are being sent with your dog.

11. Prior to shipping your dog, BCA will send you via E-Mail, all flight information, airline name, along with flight number and arrival time.

Delivery

12. Delivery by BCA may be available, also at our scheduling discretion.

13. Buyer will be responsible for mileage (IRS Standard Mileage Rate) and expenses, which may include: lodging and meals incurred by BCA during the delivery of your dog. Full payment is required at least 1 week prior to any shipments and is non-refundable but may be transferrable.

Payment

14. We take credit cards! Deposits and all other payments can be taken with a credit card or we can send you an email invoice through Square/Paypal that can be paid online with a credit card or PayPal. All card/online transactions will be charged an additional 4% to cover all transaction fees. Checks may also be sent for deposits and all other payments with no additional charge. Please allow up to 5 days for all funds to clear once received. We no longer accept checks at the time of pick-up. Cash or cards are accepted if full payment is presented at the time of local pick-up. We may ask for full payment for the animal up front if we are having them spayed or neutered before leaving, this will pertain mostly to dogs that are retiring from our breeding program.

15. Good Dog Buyers. If initial contact has been made through the Good Dog platform (www.gooddog.com), all payments are to be made through that platform, per their policies.

Not Covered

16. BCA is not responsible for any veterinary expenses/tests/x-rays or medications, wormers or vaccinations of said dog after Buyer takes possession of dog.

17. BCA is not responsible for any transportation/return; including airfare or transporter fees.

18. Any injury or illness, which could have occurred during transport (you may purchase shipping insurance through the airline/ carrier).

19. Any condition, which can be easily and permanently cured or corrected.

20. External parasites, such as fleas and ticks, or their effects. Your dog has been shampooed and has been given the best of care and cleanliness, but it could be possible for him/her to have picked up a flea during transport.

21. Internal parasites, such as intestinal worms, or their effects. Almost every dog has some sort of intestinal worms; although we have wormed your dog regularly since birth, it only takes a few days for him/her to pick up a new batch. This is why we recommend and have you agree to keep all vaccinations & worming current through your veterinarian.

22. Anything that cannot be agreed on and must go to court will be held in Baker County, Oregon. You will also be responsible for any and all legal services and means for collections; this means any and all attorney fees BCA has incurred. No Exceptions!

The Buyer and Seller agree that this is the full and complete agreement that exists between the parties for the sale of this dog. Any agreements made prior to this are considered incorporated herein and any modifications made to this agreement shall be made in writing or such shall not be effective. If, for any reason, something happens to Buyer/ New Owner and the puppy/dog needs re-homed, then SELLER has first right of refusal. I HAVE READ AND FULLY UNDERSTAND THIS AGREEMENT BUYER
